Mission

AAAE is dedicated to studying, applying, and promoting the teaching and learning processes in agriculture.

Goals

Serve as an advocate for improvement of teaching and learning in agriculture.

Provide a forum to address issues in agricultural education.

Provide an approach to identifying, prioritizing, and organizing research in teaching and learning.

Provide opportunities for individual and organizational growth, development, and renewal.

Provide opportunities to communicate the results of research and other scholarly activities.

Provide opportunities for collaboration within and outside of agricultural education.

Provide for recruiting, inducting, and mentoring people into the profession.

Values

As a professional organization, we value:

Effective teaching

Developing and empowering others

Actively engaging learners/experiential learning

Quality research and other scholarly activities

An active role in contributing to both formal and non-formal educational systems

Professional renewal and adjusting to change

Interacting with peers
